

INVENTO SL S35 3,5 T - Scissor lift

INVENTO SL S35 is a floor-mounted lift for lifting vehicles weighing up to **3,5 tonnes** to the height of **1 m** with mobile kit.

Description

The INVENTO SL S35 is a **floor-mounted** lift for lifting vehicles **weighing up to 3 tonnes to the height of 1 m**. It is perfect for tyre fitting and repair workshops and mechanical workshops, facilitating replacement of brake pads and discs.

Key information about the lift:

- **electric** safety lock
- small device dimensions
- synchronized movement of platforms
- platform length adjustable between **1 410 mm and 2 010 mm**
- mobile kit for easy relocation of the lift

INVENTO SL S35 lift is equipped with the necessary safety features required for obtaining CE marking. This guarantees long and safe work in the workshop. The technicians responsible for installing the lift are certified by the Office of Technical Inspection (UDT).

It is designed for installation in covered, enclosed areas that are free of any obstacles. Operating temperature range: from -10°C to 40°C.

Installation requirements:

the lift must be placed on a sufficiently strong concrete surface. The surface must be able to support maximum pressure, even under adverse operating conditions. The surface must also be perfectly level.

Technical data

5906290000000	
Lifting capacity	3 500 kg
Lifting height	1 000 mm
Minimum height	110 mm
Platform length	1 410 mm - 2 010 mm
Platform width	535 mm
Scissors spacing	790 mm
Total width	1 860 mm
Lifting time	60 s
Electric power supply	400V/50 Hz
Power	2,2 kW
Warranty: 12 months
