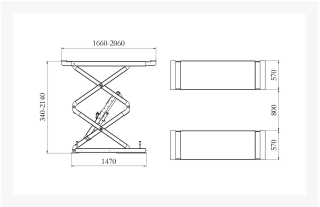
INVENTO SL 230 LNI S - 3 T - Scissor lift



Invento SL 230 LNI S is a lift designed for **installation in the floor**, which provides the possibility of entry **with low cars without the use of ramps** and saves space in the workshop!

Description

Invento SL 230 LNI S is a lift designed for **installation in the floor,** which provides the possibility of entry with **low cars without the use of ramps** and saves space in the workshop!

SL 230 LNI S has platforms with a length of **over 2 m**, with convenient and large adjustment range, and allows vehicles to be lifted to a **height of 1.8 m.**

Key information about the jack:

- mechanical safety lock with automatic unlocking
- **flat surface** thanks to in-floor installation
- synchronized movement of platforms

- **800 mm** of free space between platforms
- adjustable length of platforms with a large range of work

The SL 230 LNI S lift is equipped with the necessary safety features required by the CE documentation. This guarantees long and safe work in the workshop.

The lift is designed for installation in covered, closed rooms without any obstacles. Working temperature in the range from -5 ° C to 40 ° C.

Assembly requirements

- The lift must be placed on a C20 / 25 concrete floor at least 15 cm thick with 215K reinforcement which complies with local regulations.

Technical data

5904533334081

Lifting capacity	3 000 kg
Lifting height	1 800 mm
Minimum height	0 mm
Platform length	1 660 mm / 2 060 mm
Platform width	570 mm
Scissors spacing	800 mm
Total width	1 940 mm
Lifting time	90 s
Electric power supply	380V/50 Hz
Power	2,2 kW

Warranty: 12 months
